TRAFFIC DEPARTMENT

No. TD/DTM/RLY/08/2026/2100 Date: 23.11.2026

TRADE CIRCULAR

Sub: **Request to maintain railway tracks from spillage of cargo and slurry - reg.**

Sir,

In the meeting with Railway Board on 23.11.2026, it was highlighted that lot of cargo spillage and slurry are being identified on the railway tracks of Paradip Port which is delaying the rake movement.

As such, all siding users are requested to keep the track free from cargo spillage and slurry and maintain it in good useful condition. For this, immediately after completion of their operations they have to ensure to make the track free from slurry and spillage of cargo. The Port has also formed an internal team to verify the same and if any user is found to be not complying the above advisory/instruction, will be liable for strict action from Port.

All Plot Siding Users are requested to take note of the above and plan their action accordingly.

23/11/26
Traffic Manager
